

*I am unvaccinated and I am the safest person - Har Ghar Dastak*

To,

---

---

*(Kindly write the name, rank and address of the govt officer visiting your house)*

*Dear Sir/Madam,*

*1. My natural immunity has dealt with whole sars-cov-2 virus and it is scientifically proven that T cells and B cells Memory last 15 to 20 years.*

*As per Dr Sanjay K Rai, community disease expert and chief epidemiologist, AIIMS, New Delhi - **Naturally cured persons does not transmit the infection, in fact they are much better than vaccinated people. The natural immunity developed due to cure from Covid infection or due to contact with the virus is more robust and 13 times better than the vaccines. Such person are safest in the world. They cannot get infection and they cannot spread infection.** They cannot die with Covid-19. Total 81 studies across the world had proved it.*

*Noted epidemiologist Dr. Jayaprakash Muliyil, who is a core member of the National Technical Advisory Group on Immunization (NTAGI), agrees that vaccinating a confirmed Covid-19 recovered person doesn't have any additional benefit "but there is some small chance of adverse reaction."*

*He added, "At present, the available evidence suggests that natural infection is superior to vaccination. So, in retrospect, it is a good and convenient way to say who needs vaccination and who doesn't."*

Dr. Sanjeev Rai, interview in this regard. **Link :** <https://youtu.be/-btDk0eSi5U>

81 Research Studies Confirm Natural Immunity to COVID 'Equal' or 'Superior' to Vaccine Immunity. Link:

***2. That the Central Government through its various replies under RTI, affidavit filed before Hon'ble High Court in parliament had made it clear that the vaccination for Covid-19 is completely voluntary not mandatory.***

That, in affidavit dated **8.10.2021** by Shri Satyendra Singh, Under Secretary Health Ministry of India before Hon'ble Bombay high Court in **Writ Petition No. 1820 of 2021**, made it clear that the COVID-19 vaccination is completely voluntary for all citizens of India. Ministry of Health and Family Welfare, Government of India has not formulated or suggested any policies for discrimination between citizens of India on the basis of their vaccination status. The relevant paras of the affidavit read as under;

***“9. That, it is further humbly submitted that the directions and guidelines released by Government of India and Ministry of Health and family Welfare, do not entail compulsory or forcible vaccination against COVID-19 disease implying that COVID-19 vaccination is completely voluntary for all citizens of India. Ministry of Health and Family Welfare, Government of India has not formulated or suggested any policies for discrimination between citizens of India on the basis of their vaccination status.***

***10. That, it is duly advised, advertised and communicated by MoHFW through various print and social media platforms that all citizens should get vaccinated, but this in no way implies***

*that any person can be forced to be vaccinated against her / his wishes.*

*11. That, as per the existing guidelines, there is no provisions for forcing any citizen to book appointment for Covid Vaccination on Co-WIN or visiting Covid Vaccination Centre for vaccination if a person above the age of 18 years visits a Covid Vaccination Centre by her / his choice for vaccination and asks for the same, it implies that she / he is voluntarily coming to the center to get the benefit of Covid Vaccination.*”

2a. In **Madan Milli Vs. UOI 2021 SCC OnLine Gau 1503**, ruled as under;

*“The petitioner contends that as per the RTI Information furnished by the Ministry of Health & Family Welfare, which is available in the website of the Ministry of Health and Family Welfare, Government of India, Covid-19 vaccination is not a mandatory but a voluntary. A copy of the RTI Information available in the website of the Ministry of Health & Family Welfare, Government of India, has been annexed by the petitioner as Annexure 3 to the petition. The petitioner also refers to an answer given on 19.03.2021 in the Lok Sabha to an Unstarred Question No. 3976 by the Minister of State in the Ministry of Health & Family Welfare, Government of India (Annexure 4 to the petition) stating that there is no provision of compensation for recipients of Covid-19 Vaccination against any kind of side effects or medical*

**complication that may arise due to inoculation. The Covid-19 Vaccination is entirely voluntary for the beneficiaries.**

**“14. It has been brought to our notice that even persons who have been vaccinated can still be infected with the covid virus, which would in turn imply that vaccinated persons who are covid positive, can also spread the said virus to others. It is not the case of the State respondents that vaccinated persons cannot be infected with the covid virus or are incapable of spreading the virus. Thus, even a vaccinated infected covid person can be a super-spreader. If vaccinated and un-vaccinated persons can be infected by the covid virus and if they can both be spreaders of the virus, the restriction placed only upon the un-vaccinated persons, debarring them from earning their livelihood or leaving their houses to obtain essential items is unjustified, grossly unreasonable and arbitrary. As such, the submission made by the learned Additional Advocate General that the restrictions made against the un-vaccinated persons vis-à-vis the vaccinated persons is reasonable does not hold any water. As the vaccinated and un-vaccinated persons would have to follow the covid proper behavior protocols as per the SOP, there is no justification for discrimination.”**

- 2b. **In Re: Dinthar Incident Aizawl Vs. State of Mizoram 2021 SCC OnLine Gau 1313**, the Division Bench of Hon’ble Gauhati High Court vide its order dated **02.07.2021**, has categorically held as follows:

*“14. It has been brought to our notice that even persons who have been vaccinated can still be infected with the covid virus, which would in turn imply that vaccinated persons who are covid positive, can also spread the said virus to others. It is not the case of the State respondents that vaccinated persons cannot be infected with the covid virus or are incapable of spreading the virus. Thus, even a vaccinated infected covid person can be a **super spreader**. If vaccinated and un-vaccinated persons can be infected by the covid virus and if they can both be spreaders of the virus, the restriction placed only upon the un-vaccinated persons, debarring them from earning their livelihood or leaving their houses to obtain essential items is unjustified, grossly unreasonable and arbitrary.”*

2c. In **Osbert Khaling Vs. State of Manipur and Ors. 2021 SCC OnLine Mani 234**, it is ruled as under;

*“8.... Restraining people who are yet to get vaccinated from opening institutions, organizations, factories, shops, etc., or **denying them their livelihood by linking their employment**, be it NREGA job card holders or workers in Government or private projects, **to their getting vaccinated would be illegal on the part of the State, if not unconstitutional. Such a measure would also trample upon the freedom of the individual to get vaccinated or choose not to do so.**”*

*Link:* <https://awakenindiamovement.com/manipur-high-court-at-imphal-order/>

**2d. RTI Reply by Govt Of India dt 9.03.21, to Anurag Sinha which clearly states that vaccination is voluntary and no govt services will be stopped.**

**Link:** <https://awakenindiamovement.com/are-vaccines-mandatory/>

**2e.** That, the above judgments are passed after hearing the Counsel for Union India and the judgment is regarding the interpretation of constitutional provisions, therefore they are binding on all the authorities in India.

### **3. Herd immunity**

As per sero survey report of Delhi released on 29<sup>th</sup> Oct, 97% of people are sero positive, i.e, immunity for covid-19 has developed.

As per Sanjay Rai Knocking news interview - No need to give vaccination to naturally cured persons as it will increase the risk of adverse effects including death.

For all of India sero positivity report is expected and it will be more than 90%. As per serosurvey conducted by ICMR in May 2021 there were around 67 % people in India who have developed the anti-bodies. Vaccinating corona cured persons will also cause a loss of thousands of crores to public exchequer and it is a clear case of misappropriation of public money, office and property.

### **4. Adverse effects of covid-19 vaccines -**

Around 10,500 people lost their life due to side effects of vaccines as reported by media and the details have been sent to President and PM for further investigation.

Thousands of vaccinated people are dying at early age due to cardiac arrest which is one of the major side effects of vaccines. But their deaths are deliberately not being shown in the vaccine side effects with ulterior purposes to help the vaccine syndicate.

**Link:** [https://drive.google.com/file/d/1uikc1a6\\_KDzUx7HNLrfwaI1NJRt0D\\_YP/view?usp=sharing](https://drive.google.com/file/d/1uikc1a6_KDzUx7HNLrfwaI1NJRt0D_YP/view?usp=sharing)

About 16 European countries banned the use of Astrazeneca (Covishield) vaccines for deaths of their citizens due to side effects of said vaccine.

**Link:** <https://awakenindiamovement.com/astrazeneca-covishield-banned-age-restricted-not-approved-in-other-countries/>

## **5. Medicines available for corona cure**

There are other more effective, harmless and economical medicines available for curing the people with covid-19 infection including;

(a) **Anandia's Ayurvedic composition** verified by the State Government and approved by the Hon'ble High Court **In Ponnekanti Mallikarjuna Rao Vs. State of Andhra Pradesh, rep. by its Chief Secretary to Government 2021 SCC OnLine AP 2171.**

**Link:** <https://awakenindiamovement.com/anandaiah-ayurvedic-composition-accepted-by-andhra-pradesh-high-court/>

(b) The naturopathy fluid diet therapy of **Dr. Bishwaroop Roy Chowdhury 3 step Flu diet** and recommended by National Institute of Naturopathy, Pune. Said treatment is free of cost.

The observations of **National Institute of Naturopathy, Pune** are as under;

*“The enquiry report submitted by National Institute of Naturopathy of Ministry of AYUSH, Government of India regarding result of successful treatment of Covid-19 patients without any side effects.*

*This is a report of some initial data gathered across a single center of Ahmednagar district; where people availed only Naturopathy treatment voluntarily for a week’s time period from their day of COVID confirmation and were successfully treated.*

*None of the cases took any medication for long term due to other systemic illnesses- like Diabetes, HTN or arthritis etc.*

*None of the cases took any medication for COVID.*

*No case reported of any untoward incident or adverse reaction to their fasting experience in Nature cure regime.*

**Overall it can be concluded that; in all these cases; Nature cure therapy was successful as a regimen for the COVID cases. This can serve as model for the successful handling of all mild to severe cases of COVID and also as a preventive intervention in all the future cases.”**

<content/uploads/2021/07/Data-for-Nagar-COVID-cases.pdf>

**(c) Ivermectin**

Uttar Pradesh - Claiming that timely introduction of Ivermectin since the first wave has helped the state maintain a relatively low positivity rate despite its high population density, he said, “Despite being the state with the largest population base and a high population density, we have maintained a relatively low positivity rate and cases per million of population”. Agra District Magistrate Prabhu N Singh also attributed the state’s relative success in keeping the Covid numbers down to the timely nod to the use of Ivermectin as a prophylactic.

The Yogi-led state has also been registering a steep decline in the number of Active COVID Cases as the figure has dropped from a high of 310,783 in April to 8,986 now, a remarkable reduction by 97.10 percent."

6. As per the approval granted by CDSCO for covid-19 vaccines - It is an EUA- Emergency Use Aothorization and clinical trials are going on. As per RTI reply -

**CDSCO has not granted clinical trial permission for use of approved vaccines in post diseases individuals.**

Since I am naturally cured I don't need covid-19 vaccine and also it is not authorized to be administered on me.

Link: <https://awakenindiamovement.com/clinical-trials-for-covid-vaccines-in-post-disease-individuals/>

7. The real efficacy ratio of both the vaccines is only around 1% and not approx 80% as given by Vaccine companies. Please see the data and calculations in the link. The real efficacy data is always absolute risk ratio and not Relative Risk Ratio.

Link: <https://awakenindiamovement.com/learn-about-t-cell-b-cell-memory-and-relative-risk-vs-absolute-risk/>

8. I am giving my lockdown compensation form under Disaster management act 2005 and Epidemic act 1897. Kindly issue me the chq/DD as per this asap. Kindly note I will be following up with regular Dastak for my claim.

The above is my reply for not taking the vaccine either 1<sup>st</sup> dose or 2<sup>nd</sup> dose.
